## Northeast Masonry Distributors

**Renaissance Granite** is a very dense beige granite flecks of grey and slight rose color dispersed throughout the stone. The surface is flamed for a uniform surface. This is an elegant, yet very subtle stone that stays cool to the feet making it an excellent pool deck and coping.

**Renaissance Granite** is imported from a select quarry in India. Each piece is hand-selected, cut, packaged and transported according Northeast Masonry Distributors exacting standards. Each piece must meet our standard for color range, surface texture and quality.

**Renaissance Granite** is stocked in standard patterned flagging, treads, steps and cutting-stock for custom fabrication.
